MAY SETTLE CONFLICT

Expected Fight at Guantanamo May Be Decisive.

AMERICANS WILL CLING TO THE ADVANTAGE THEY GAINED.

Washington, June 17—Special—A decisive engagement is shortly expected at Guantanamo. The result will not be in doubt if Gen. Shafter's expedition arrives before the Spaniards have time to mass their troops for the attack upon Camp McCalla. As it is much anxiety is felt. The Spaniards are making every effort to concentrate their troops for an attack upon the devoted band of marines who now hold the heights overlooking Guantanamo. Several thousand men are already on the move, and may descend at any hour. The position occupied by Lieut. Huntington and his men is protected by the guns of the fleet, but this will not be sufficient to save them from expulsion unless they receive reinforcements, which cannot be sent them until Shafter arrives. When the struggle comes it will be one of the most desperate of the war, as the Spaniards are determined to drive the invaders from Cuban soil, while the Americans are equally determined to maintain their position.

Deserters May Be Spies.

Tampa, June 17—Special—Frequent desertions from the Spanish ranks are now reported. These deserters all claim to have been half starved and ill treated, and give a deplorable picture of the condition of affairs in the Spanish army in Cuba. These deserters are looked upon with suspicion by army officers here, and it is proposed to have them closely watched. While some of them may be truthful it is feared that others are merely spies or incendiaries, and will take the first opportunity that presents itself of conveying contraband information to Blanco, or attempt to blow up our magazines either on board the ships or in the military camps. They are kept under constant surveillance, and will receive scant mercy if caught in any overt act.

The Cadiz Fleet.

London, June 17—Special—It is suspected that the Cadiz fleet under Camera is in much better form than has been reported. The statements relative to the unseaworthiness of the ships may have been given out as a blind to deceive the Americans into the belief that they can be easily captured, while in reality they are formidable and a dangerous foe to encounter. It is certain that the Madrid authorities expect great things from this fleet.

Gone to Meet Shafter.

Kingston, Jamaica, June 17—Special—A dispatch boat from Sampson's fleet has gone to the Windward Passage to pilot Gen. Shafter's expedition to the vicinity of Santiago. Although the route of the troop ships was fully mapped out this step was taken to guard against any possible deviation that would result in delay or in separating the ships from each other. The fleet is expected to show itself any hour.

Reinforcements For Shafter.

Washington, June 17—Special—It is expected in army circles that the four thousand men with which it has been decided to reinforce Shafter will be embarked within twenty-four hours. The decision to send them so soon is due to the fact that the Spaniards have twelve thousand regulars and four thousand volunteers around Santiago.

They Have Provisions.

Madrid, June 17—Special—Cervera and Linares telegraph that they have provisions sufficient to last several months. The surrender of Manila is discredited here.

The Porto Rico Invasión.

Washington, June 17—Special—Gen. Miles arrived from Tampa this morning. The subject of the Porto Rico invasion will be taken up as soon as he reports at the war department.

Denies the Barbarity.

Madrid, June 17—Special—The government has issued an indignant denial of the report that Spanish troops mutilated the bodies of dead Americans at Caimantera.

CAPTAIN HENRY C. TAYLOR.

Captain Taylor, in command of the battleship Indiana, was born in the District of Columbia and graduated from Annapolis in 1893. He was commissioned Lieutenant commander in 1888 and was attached to the frigate Sabine on a special cruise.

BRIEFS FROM BELOIT

Students Suspended for Disorderly Conduct—Cycling Club Has Its First Meet

Beloit, Wis., June 17—[Special]—About twenty of the Middle Preparatory class have been suspended for disorder during the graduating exercises of the Academy Tuesday evening. It has always been a tradition that the Middlers should play as many jokes as they could on the evening of graduation. They broke up the exercises by firing off cannon crackers, and the Academy faculty thought it was time something was done to put a stop to such conduct every year. Half of the class were suspended but it is thought they will be taken back in a few days, in time for examinations.

Last night the Beloit Cycling Club gave their first races at Gram's Park. It was an interesting meet, as there was quite a little new talent.

The novice race was won by W. Gowing. One third mile open, O. B. Foster, last year's favorite, first; L. Chilcott, second; John Day, third. Time, 46 seconds.

Three mile handicap, Gowing, 200 yards, first; Charles Sangham, 35 yards, second; Earl Stevens, 350 yards third; Chilcott, scratch, was fourth. A triplet ran a mile in 2:15.

There were about 200 present and Mahara's Minstrel band which showed here last night, furnished the music.

DEATH CLAIMS OLD SETTLERS

Fred Garit and Andrew Ellis Called to Their Reward.

Five weeks ago Mrs. Fred Garit passed away at her home in the town of Janesville. On Wednesday Mr. Garit joined the companion of his life, dying at Whitewater, whither he had gone to visit relatives. Rev. J. C. Spilman, pastor of the German Lutheran church of Edgerton, officiated at the funeral, which was held yesterday afternoon. The services at the grave were in charge of W. H. Sargent Post No. 20, G. A. B., of this city. The interment was in Oak Hill cemetery beside his wife, the pall bearers being F. A. Lee, E. C. Alden, T. H. Edden and George Phelps. P. S. Fenton acted in the capacity of chaplain. Deceased was about seventy-five years of age.

Andrew Ellison.

At the age of eighty-three years Andrew Ellison, an old settler of the town of Rock, was called away by death yesterday. For forty years he had resided in this county, where he was widely known and highly esteemed. He leaves a widow and seven children, the latter being Mrs. William Detloff, of Milwaukee; Mrs. Martin Zienow and Mrs. Henry Blunk, of this city; Mrs. Fred Fieblekorn, of Berlin, Wis.; Mrs. Patrick Tracey; Miss Mamie Ellison and Andrew Ellison, Jr., of the town of Rock.

The funeral will be held from the home Saturday afternoon at 1 o'clock and from St. Paul's German Lutheran church at 2:30 p. m. Rev. C. J. Koerner will officiate and the interment will be in the Afton cemetery.

FINISHED THEIR LABORS.

Delegates to the Federation of Labor Have Returned Home.

Earnest Clemons and W. H. Whitaker, local delegates to the meeting of the State Federation of Labor held at La Crosse this week, finished their labors last evening. Mr. Whitaker was one of the speakers in the first of the open air meetings, and his remarks brought forth loud applause.

FIVE NEGROES HANGED

Judge Lynch Disposes of a Batch of Miscreants at Weumpeka, Ala.

Montgomery, Ala., June 17—[Special]—An official report has reached the governor that the five negroes taken from the jail at Weumpeka last night have been hanged this morning despite the efforts of the militia to prevent the lynching. The negroes were accused of murdering Wm. Carden, wife and brother.

NINE RIOTERS KILLED

Houses of the Jews in Galicia Plundered By Mobs of Riotous Austrians.

Vienne, June 17—[Special]—Serious rioting is reported from Western Galicia. A large number of Jews' houses were plundered and wrecked. The soldiers fired on the rioters, killing nine.

HANNA MEN BEATEN

Loss Control Of The Republican Organization At Cleveland Primaries.

Cleveland, O., June 17—[Special]—The fight at primaries for control of the county convention resulted in a defeat for the Hanna men, the McKissee men choosing more than a majority.

Paris, June 17—[Special]—President Faure has invited M. Ribot to form a cabinet.

WEATHER FORECAST.

Chicago, June 17—[Special]—Forecast for Wisconsin:

Fair and warmer tonight and Saturday.

ASSUMED HIS DUTIES TODAY

New Roadmaster on the St. Paul Takes Hold of Business.

M. A. Anderson, of Pewaukee, the newly appointed roadmaster, who will take the place of George Bennett, on the Mineral Point division of the St. Paul railroad, arrived in the city yesterday to assume his new duties. In company with Mr. Bennett he was shown over the road, so as to be better acquainted with the ins and outs of the business.

Mr. Anderson will make Janesville his headquarters.

REPORTS A GOOD BUSINESS

Former Janesville Firm Doing Well in Menominee.

Alex. Richardson, of the Richardson Shoe company, was in the city today from Menominee, Mich. Mr. Richardson reports that the factory which was removed from this city to Menominee is now flourishing, and that business was never so good. The firm, he says, are now employing ninety-one hands, and later on will increase the force to two hundred.

MAY CAUSE DIFFICULTY

Reported Purchase of Philippine Islands by Germany.

IT WILL BE RESENTED BY THIS GOVERNMENT.

Washington, June 17—Special—The report that Spain has sold the Philippine Islands to Germany is not believed here. In view of the fact that the United States now holds Manila, the chief port, such a transfer would be impossible without the consent of this government. It would be unprecedented at any rate, and the United States would not be bound to respect the transaction. Spain, being now at war, is estopped under international law from selling any of her colonies that might be attacked by her adversary, and the rule applies with double force to provinces already captured or invaded by an enemy. If such transfers were permissible any nation getting the worst of a war in which it might be engaged could protect itself from injury by transferring all its possessions to another nation temporarily until the danger had passed. The idea is looked upon as farcical by the best international lawyers here.

Battle At Manilla.

New York, June 17—Special—A Hong Kong telegram to the Journal says the most important battle since Dewey annihilated the Spanish fleet has occurred at Manila. A thousand insurgents attacked the Spaniards, inflicting heavy loss and almost forcing an entrance to the city. The insurgents under Aguinaldo and American marines and sailors from Dewey's fleet completely surround the city. Foreign residents have fled to the ship. A Spanish spy attempted to poison Aguinaldo, but succeeded only in making him very sick. He has completely recovered. The governor general is said to be willing to surrender to prevent massacre. All women, children and priests have been placed in the forts for safety. Two thousand prisoners, including several officers and governors, have been taken. The garrison at old Cavite has surrendered. All interior sources of supply are cut off from the Spanish forces in Manila.

Dewey Makes Report.

Washington, June 17—Special—The following was received from Dewey this morning: Little change in the situation since last telegram. Insurgents continue hostilities, and have practically surrounded Manila. They have taken twenty-five hundred prisoners, whom they treat most humanely. They do not intend to attack the city at present. Twelve merchant vessels are anchored in the harbor with refugees on board under guard of neutral men of war. This is with my permission. The health of the squadron continues excellent.

British Leaving Havana.

Washington, June 17—Special—The trip of an English vessel to Havana for the purpose of removing the British consul and British residents from the city, is believed to indicate the near approach of events of great and tragic importance. This step, it is thought, was taken in pursuance of hints from the American government. An early bombardment of the city is looked for, as soon as all foreigners who desire to leave have had an opportunity to do so.

Sold to Germany.

London, June 17—Special—The news is published at Gibraltar of a rumor that Spain has sold the Philippines to Germany, which is the reason for the German squadron going there. The report is not credited here, although there are some facts that lend probability to it.

Headed For the Philippines.

Gibraltar, June 17—Special—News was brought by a German steamer this morning that the Cadiz fleet has been sighted off the north coast of Africa going in an easterly direction. The general opinion is that the fleet is headed for the Philippines.

Will Not Exchange Prisoners.

Havana, June 17—Special—A Spanish torpedo boat left the harbor this morning to communicate with the American fleet Spain's refusal to exchange the Merrimac prisoners.

"CORKING THE BOTTLE"—HOBSON BLOWING UP THE "MERRIMAC," SANTIAGO, JUNE 30. FROM HARPER'S WEEKLY. AFTER A DRAWING BY T. DE THULSTROM. Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

Hobson's memorable feat in Santiago harbor has been heralded the world over as an act of cool and desperate bravery to be always distinguished in the chronicles of gallantry. It was an admirable triumph of thoughtful calculation, reckless audacity, and complete success, and adds another name to the illustrious list of American naval heroes.

The details of the plan and of its execution are now well known. To navigate the Merrimac over the enemy's mines and under the furious fire of the Spanish batteries, to anchor her at the exact point in the narrow channel where her hull would be an effective obstruction, and so sink her by an internal explosion—these were the perilous problems which presented them-

selves to the young officer. Their solution seemed impossible without certain death, but hundreds of eager volunteers from all the ships of the fleet stood ready to make the fearful trial. The glorious achievement of the chosen few is now history.

We reproduce to day from the pages of Harper's Weekly a picture by Thulstrup of the sinking of the collier. After mooring the Merrimac in mid-channel, Hobson and his men shoved off on a raft dragging after them the contact wires connected with the torpedoes inside the ship. The Spaniards on the shore, thinking an attempt was under way to force an entrance into the harbor, turned every gun of their powerful shore batteries upon the Ameri-

cans, and the resulting storm of shot and shell was so terrific that Hobson abandoned all idea of paddling his raft back to our fleet, but made for the Spanish flagship instead, and gave himself up. His escape from death was nothing short of miraculous, and, although his exploit effectually crippled all further offensive operations of the Spanish fleet, he was greeted with cheers by the Spanish sailors and personally congratulated by Admiral Cervera on his splendid bravery.

The combination of a deliberate, resourceful mind and dashing, bull-dog courage is a hard one to beat, and the whole world today unites in applauding Hobson's exhibition of what American brains can do when backed by true American grit.

W. H. Taylor next week Thursday in the afternoon. Nelson Hanson is not as well this week. George Havens, of Janesville, is spending the week at Jeff Oakley's. Miss Ella Guernsey closed her school last Friday with a picnic. At the close of the exercises little Lelia Ingle in behalf of the school presented the torch with a gold ring. The Misses Ida Dodge and Ave Dutton received their diplomas. David Cross had four sheep killed by dogs Wednesday afternoon, and some others bitten. If the dog crop was thinned out a little it would be better for all concerned. Eloy Kimball, of Madison, is spending his vacation at O. N. Dutton's. J. L. Bear is rebuilding a tobacco shed on his farm. Mrs. W. Anselm and Mrs. William Shoemaker visited at Mrs. Richard Hady's one day this week.

LA FOLLETTE FOR GOVERNOR

In commenting on the republican situation in Wisconsin, the Milwaukee Journal, the democratic organ, speaks as follows:

The Journal believes the report that the campaign for supremacy in the republican convention will be fought under the lead of La Follette for governor and Sam Cook for senator. But in becoming a candidate for office, La Follette's cause loses much of its picturesque quality and he much of its strength. A plain fight for office has not the halo of a fight for a righteous cause. From the outset La Follette will be hampered unless he changes his front. He cannot win by accusation alone; he must have a program to propose to replace the things to be done away with. It is not enough to destroy; he must rebuild. His attack on what he calls the machine will be weakened by the fact that he himself is building up a machine of his own, which he hopes will prove stronger and more efficient than the old one.

The First Regiment of the Wisconsin National Guard, now the First Regiment, Wisconsin Volunteer Infantry, continues to win laurels at Jacksonville. The last man to compliment the regiment was Major General Fitzhugh Lee. Colonel Schadel, commander of the regiment, held a review for General Lee, and at its close the general turned and said: "Colonel, I never saw anything better, and I have seen a great deal of this business. Your marching was fine, your manual cannot be beaten. I thank you for the privilege of reviewing your troops."

Such praise is worth winning. Wisconsin can be proud of the First Regiment, and Rock county may well be proud of the two companies that represent her.

The republican state convention will be held in Milwaukee, August 17, at 12 o'clock noon, for the purpose of nominating a state ticket. This was decided at a meeting of the State Central committee, held at the Hotel Pfister. A canvass of the members of the committee developed the fact that all but one or two favored the renomination of Governor Scofield. There will be 1,067 delegates, a body somewhat larger than the National Republican convention that nominated William McKinley for president.

The patriotic people of Alabama are raising money to lift the mortgage on the homestead property of the mother of Lieut. Richmond Hobson, the naval hero, which was advertised to be sold under foreclosure at Greensboro, on last Wednesday. The First National bank of Mobile, started the movement and the sale was deferred. Mrs. Hobson's only income is the money sent her by her heroic son.

People who criticize the army and navy departments for alleged incompetence should read the reports of Secretary Alger showing that all records have been broken by the enormous amount of work accomplished by the department since the war began—much of it work for which there was no precedent in our history.

Any person who has \$20 can now become a "bloated bond holder" and it looks as if the people would take the whole issue.

Members of the LaFollette machine were active during the meeting of the republican state central committee, but they accomplished nothing.

ing. The people are quick to discriminate between party loyalty and traitorous personal axe grinding.

The news comes from Washington that Col. J. A. Watrous, of Milwaukee is to be appointed paymaster with the rank of major. Col. Watrous had large experience in the late war in every way qualified for the position and his appointment will be a wise move.

Nassar college has conferred the degree of LL. D. (Doctor of Laws) upon Admiral Dewey. A more appropriate degree would have been D. D., which, liberally interpreted, would stand for Disposer of Dons.

The republicans will control the next house and senate. All well informed democrats now admit this fact.

There is great rivalry between the army and navy—to see which can do the most for the flag.

NOT IN THE CRACKER TRUST

Watertown As Well As Janesville Has An Anti Trust Factory

Janesville will not have the only cracker factory in Wisconsin that is outside of the trust. The Woodard & Stone Co., of Watertown, say in a letter:

"We are not a member of the National Biscuit Co. nor are we likely to be."

The information as to the connection of a Watertown factory with the trust is said to have been sent out by competitors.

WAR HURTS SEABOARD TOWNS

Business Is Interfered With By The Necessity For Defense

J. L. Mahoney, a former well known local attorney who has of late made Beaumont, Texas, his home, is once more among local friends on a visit. In speaking of the present war Mr. Mahoney says that it has injured business in all the seaport towns in Texas on account of the blockading of the harbors. All of the harbors are heavily mined with torpedoes and all outgoing vessels sail at their own risks.

REMEMBERED OLD COMRADE

Minutemen Band Pay a Tribute to a Deceased Associate.

Mahara's Minutemen, who showed here Wednesday evening, under canvas, were in Reedsburg Sunday, where they held beautiful services over the grave of a departed member. Four years ago, while Mahara's colored minutemen were at Reedsburg, one of the company was drowned in the Baraboo river while bathing. On the company's recent visit to the grave, sad words were said, songs were sung, and flowers were strewn over the tomb. To the many spectators it was a very impressive service.

TWO DEAD, SEVERAL INJURED.

Trammen and Carpenters on a Falling Illinois Central Bridge.

Murphysboro, Ill., June 17.—By the giving away of the false work of a new Illinois Central bridge over Big Muddy river at Murphysboro Thursday a train was precipitated into the water, and two men were killed and several injured. The dead were:

SCRAMLIN, FRANK, engineer. WILLIAMS, BEN, bridge carpenter. The injured are: Arnett, Frank, leg broken. Hays, Harry, foreman, badly bruised and injured internally. Katzmack, John, leg and three ribs broken; head cut.

Wayne, George, face badly cut. Swanson, Albert, face badly cut. Most of the men jumped when they felt the bridge sinking beneath them, but Engineer Scramlin was unable to get out of the cab, and is now at the bottom of the river. Williams, the bridge carpenter, was so severely injured when he jumped that he died soon after being removed to the hospital.

\$100,000 Fire at Chicago.

Chicago, June 17.—The big packing-house of Armour & Co., situated in the heart of the Union stock yards, was devastated early this morning by a fire that, starting just before midnight in the south end of the building, which occupies the block bound by Center and Packers' avenues, Forty-third street and Forty-third court, spread from structure to structure with such rapidity that the entire building seemed doomed to destruction before the fire department commenced its battle with the conflagration. The total loss is estimated at \$100,000, the department having subdued the flames after an hour's hard fight.

Forgery in State Warrants.

Olympia, Wash., June 17.—Discovery has been made that there are forged Washington state warrants in circulation. The amount already discovered is between \$8,000 and \$10,000.

PASSENGER CONS BEING SPOTTED

FIFTEEN MEN HAVE BEEN LAID OFF.

Conductors Who Have Been Running Through Janesville Affected—Work of the Spotter Was Done With Haste—Certain Local Conductors Said to Be Interested.

In the local offices of the Chicago & Northwestern railroad company as well as in local railroad circles, nothing else was heard of today but the recent work of the "spotters," which has been having a telling effect on well known passenger conductors who have been running through Janesville of late.

Get Long Vacations. Fifteen of the oldest and best known conductors on the road have been given sixty and ninety day vacations. In some instances the men have been laid off for "pocketing change" taken from passengers for travel, while in other cases it has been for disobeying rules.

Under the new system adopted some months ago it is almost impossible for a conductor to "knock down" without being caught. Not only have conductors through this city been discharged or laid off, but the ex has been brought into use between here and Milwaukee, Madison, La Crosse, and even on the Chicago division.

GAME AGAIN CALLED OFF

Y. M. C. A. Ball Team Did Not Play Edger, Ton Today.

The local Y. M. C. A. base ball team were again disappointed today by having their engagement at Edgerston cancelled. The Edgerston management called it a game off for the reason that they were afraid they wouldn't have a large attendance owing to the fact that it had not been properly advertised. The Southern Wisconsin League seems to be having a hard time in getting started.

STRIKE AT BAY VIEW WORKS IS GROWING IN MAGNITUDE.

Oshkosh Will Soon Have Water Down From Green Lake—Heavy Verdict at Green Bay Against Railroad Company—Suicide of a Lumberman—Banks Consolidate.

The strike among the Illinois Steel company's men at Bay View works, which began last Monday is extending. Two hundred are out now, none of those first going out having returned and their ranks having been joined by others, while today, it is said, the men in the stockhouse straightening departments of the mill will quit their places.

Four policemen have been stationed at the mill gate, but their services have not been required. The men who walked out have not so much as called again and the policemen have been having a lonesome time of it.

WATER FOR OSHKOSH.

It Will Be Brought From Green Lake, and Cost a Goodly Sum.

Oshkosh, Wis., June 17.—W. G. Maxcy, manager of the Oshkosh Waterworks company, announces that there is a plan under way to secure a supply of pure water from Green lake for this city. Ever since the waterworks plant was established there has been trouble about the quality of the water supplied from Lake Winnebago.

A surveyor will be put at work at once to obtain the amount of fall between Green lake and Oshkosh. The cost of getting the water here is estimated at \$200,000. It is figured that with even this additional expense the plant here can be made to pay well.

GETS A HEAVY VERDICT

Damages Amounting to \$5,500 Awarded Against the St. Paul Company.

Green Bay, Wis., June 17.—Ervin Despins was awarded \$5,500 damages by a jury in the circuit court yesterday against the Chicago, Milwaukee & St. Paul Railway company, for the loss of a foot. The case has occupied the court for six days. P. H. Martin was the plaintiff's attorney and H. O. Fairchild was the defendant's attorney. The plaintiff sued for \$25,000 two years ago. The motion was first brought into the circuit court here and Despins was awarded \$11,000 damages. This verdict, however, was set aside by Judge Hastings, owing to some irregularity.

SHOT HIMSELF IN THE HEAD.

Timberman of West Superior Wears of Life's Struggle.

West Superior, Wis., June 17.—Edward Brown, a well-known timberman, committed suicide by shooting himself in the head with a revolver at the Merchants' hotel yesterday. He made an unsuccessful attempt at suicide at South Range a month ago. Business reverses had unsettled his mind.

Of Interest to Homeowners.

To those desirous of owning a farm home, and seeking by industry and thrift to attain an independent condition in life, no better chance is afforded than the fertile farming lands, at low prices and reasonable terms, situated along the line of the Chicago & Northwestern R'y, in western Minnesota and South Dakota.

This locality is fertile to the front and yearly yielding immense wealth from its fine crops, dairy interests and stock raising.

For further information regarding Homeowners' rates, etc., please apply to W. H. Kinsale, G. P. and T. A., 22 Fifth Ave., Chicago.

For the Defense of Havana.

Key West, Fla., June 17.—By a roundabout way came additional details of Gen. Blanco's preparations for the defense of Havana. Six new modern rifles have been mounted in the inner sand batteries and every day a force of men and mules is at work strengthening the emplacements. The defenses of the city grow constantly. Gen. Blanco is taking extraordinary precautions against an outbreak in his own ranks. The volunteers, whom he never trusted, now receive larger or better rations than the regular troops, and they are not requested to do guard and fatigue duty at all. The regulars resent this discrimination, as the pouring rains make patrol duty very disagreeable. Discipline is very lax.

Millionaire Friends of Spain.

Paris, June 17.—The Temps points out that the Spanish newspapers, which only yesterday talked of the solidarity of the two races and appealed for help to France, today declare that every sacrifice should be made to procure the aid of the dreadnought. Continuing, the Temps says: "We wish to draw the attention of those blatant and simple-minded advocates of the Latin races and a Franco-Spanish alliance to this changed mood of the Spaniards."

To Prevent Bombardment.

London, June 17.—According to a special dispatch from Shanghai, Admiral von Diederichs, it is said officially, left Nagasaki, Japan, for Manila on receipt of instructions from Berlin to prevent Admiral Dewey from bombarding the city, and also because Capt. Gen. August offered the German consul the Caroline Islands as a coaling station in case operations should be undertaken against Manila.

Miles Is Near Washington.

Charlotte, N. C., June 17.—Gen. Nelson A. Miles passed through this city last night en route from Tampa to Washington.

SPEAK OUT

The Search Light of Publicity Is Pleasing Janesville People

Publicity is what the people want. Let the people speak on the subject. There has been too much claim, to little proof. Claims made by strangers is not proof. There is only one kind of proof for a Janesville citizen. That is the experience of people we know. When friends and neighbors endorse, make public statement of their case. There can be no question about such evidence. This is the convincing proof we have. Which backs every box of Doan's Kidney Pills: No other kidney pills, no other kidney remedy. Can produce such proof. Here is one case of the many we have:

Mr. E. Dillenback, of 128 Milton Ave., retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Janesville Co's. store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's and take no substitute.

LATE NEWS BY TELEGRAPH.

ARE GUARDING THE COAST.

Forty Auxiliary Warships Now on Duty.

READY FOR THE CADIZ FLEET.

The Atlantic Squadron Is Well Protected Against Surprise by the Enemy—Patrol Extends from Eastport, Maine, to New Orleans.

Washington, June 17.—The navy department has now completed its arrangement of the Atlantic and gulf coasts patrol, and stretching from Eastport, Me., around to New Orleans. There are no less than forty auxiliary naval craft, including swift yachts, reconstructed single-turret monitors, relics of the civil war, tugboats, ferry-boats, and not a few large and well armed merchantmen.

These forty ships are disposed at the several large coast and gulf cities, while 100 miles or more seaward an outer picket line is maintained by four of the larger and more effective warships of the San Francisco class.

One of these outer pickets is maintained as far north as Nova Scotia, and the southern picket is off the eastern coast of northern Georgia.

The largest number of defense vessels is at New York city, the commerce requiring protection being greatest at that point. Boston, Charleston and all other auxiliary craft have their share of the auxiliary patrol, making as a whole a naval patrol considered adequate for any emergency in protecting our eastern and southern coast line.

UNION SPAIN TO PEACE.

The London Times Says Madrid Will Refuse to Ask for Terms.

London, June 17.—The Times, in an editorial which embodies the views of its foreign correspondents, says:

"While in Vienna certain prominence is given to the argument that Spain has done enough for honor and ought now to sue for peace upon terms which it is perhaps too hastily assumed the United States would grant, the view taken in Madrid is that, although peace is desirable, the worst way of getting it is to ask for it. That attitude would be more intelligible were there any evidence that Spain is making efforts which might place her on more equal terms with her adversary."

"While in Vienna the hope is held out to her that by making peace immediately she might retain the Philippines with the exception of a naval base for America at Manila, it seems to be thought at Madrid that the prospect of international difficulties about the Philippines, together with the military and physical obstacles to the reduction of Cuba, would bring the United States into a mood more favorable for negotiation."

Launching Day Is Set.

Newport News, Va., June 17.—The first-class battleship Illinois, now building at the yards of the Newport News Shipbuilding Drydock Co., is about 50 per cent completed and will be launched about Sept. 15. The officials of the company are now rushing the work on her with a view of getting her into the water on that date.

Rescues Secretary Day.

Washington, June 17.—Herr von Holleben, the German ambassador, called upon Secretary of State Day Thursday to assure him that there was no foundation for the reports coming from London that Germany intended to interfere with the occupation of Manila by United States troops.

Chicago, June 17.—The general council of the Amalgamated Woodworkers' union was successful yesterday in carrying out the order for a general strike of employees in sash, door and blind factories in Chicago. Nearly sixteen hundred men, comprising half the membership of the union, are involved, and over forty factories have been compelled to close. The trouble arises over the demand of the union for an advance of from \$1.50 for ten hours to a minimum wage scale of \$2 for nine hours. The millmen, by resolution passed at a meeting of the club Monday night, agreed to close their factories last night and then to notify employees that work would be resumed Monday, but that only such men would be employed as had resigned from the union.

Socialists Are Re-elected.

Berlin, June 17.—The elections for members of the new Reichstag took place Thursday. The polling was very quiet, and there was no excitement anywhere. Berlin re-elected the socialist leaders, Liebknecht and Singer, by large majorities. In the other four wards of the city second ballots will be necessary to decide the choice between the socialists and freinliche candidates. A feature of the elections has been the progress made by the socialists in the provinces.

Y. P. C. U. in Session at Toledo.

Toledo, O., June 17.—The fifth biennial convention of the National Young People's Christian union was opened here Thursday evening in the Memorial United Brethren church. Judging from the number of delegates which have arrived, and advice that others are on the way from various parts of the country, the opinion prevails that the convention will be the largest in the organization's history.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

Chicago won the first of the series from Cincinnati yesterday, keeping up the high grade of ball-playing shown during the St. Louis series. Baltimore and Boston were the other advanced clubs that won. Cleveland had no game on the schedule. New York kept in close pursuit, winning from Philadelphia, but did not pass Pittsburgh, which had an off day. St. Louis and Louisville could not play on account of rain. There were no changes in position. Scores:

FUSIONISTS RULE.

Gain Narrow Majority on a Test Vote in the Populist Conference.

Omaha, June 17.—In the discussion of the report of the credentials committee, a report more or less favorable to the fusionists, the middle-of-the-roaders Thursday endeavored to force the national populist committee to admit Paul Vandervoort of Nebraska, as entitled to hold the proxy of M. W. Howard of Alabama, in the national committee. They were led by Col. Frank Burkitt of Mississippi. On a call of the roll they were defeated by a vote of 54 to 51.

The result of the conference was that an agreement was reached to the effect that no more fusion propositions should emanate from the populist national committee; that the convention of 1900 should be held early in the year, independently of any other convention, and that the different states were to be governed according to the interests of their own political welfare individually. Upon demand of the middle-of-the-roaders that Chairman Butler should resign, however, the conference could not at all agree, and at midnight another conference was in progress.

Honor for a Wisconsin Soldier.

Washington, June 17.—The president has nominated Jerome A. Watrous, of Wisconsin, to be a paymaster in the regular army, with the rank of major. Mr. Watrous is one of the widely known and popular veterans of the civil war. His place in the history of that conflict is forever fixed by the fact of his having been adjutant-general of the famous Wisconsin Iron Brigade. He is 57 years old and a native of New York. He was educated in Lawrence University and settled in Wisconsin.

Smash-Up on the Santa Fe.

Denver, June 17.—Passenger trains Nos. 5 and 6 on the Atchafson, Topeka and Santa Fe railroad collided on a siding at Conroy, Colo., Thursday. The engine on the east-bound train and the combination baggage and express car on the west-bound train were badly damaged, and the wreckage delayed traffic ten hours. Sixteen passengers were slightly injured.

Berling Sea Claim Adjusted.

Washington, June 17.—The claims of Canadian sealers arising out of seizures made by the United States in Berling Sea were finally settled Thursday by the payment to Sir Julian Pauncefote, the British ambassador, of approximately \$473,000. This is the full amount of the claims as settled under an agreement between the United States and Great Britain.

Bank Cases Fall Through.

Lansing, Mich., June 17.—The acquittal at Mason of Charles H. Osband, cashier of the People's savings bank, on a charge of having made false entries in the books of the bank, was not unexpected in this city, where it was believed that the particular charge could not be sustained. It is not believed that further prosecutions in the bank cases will ever be made.

SOLDIERS NOW NEAR CUBA.

Warships and Transports Make Good Progress.

HAVE PASSED DRY TORTUGAS.

Additional Forces Are to Be Dispatched to the Army at Once, as Spanish Strength Is Believed to Have Been Underestimated.

Washington, June 17.—The vast flotilla of forty-six warships and transports constituting the first expedition for the invasion of Cuba under Maj.-Gen. Shafter reached Port Jefferson, Dry Tortugas, Wednesday and unless something has occurred beyond the knowledge of the authorities here to upset Gen. Shafter's plans the fleet is fairly on its way to Guantanamo bay, where the first base of supplies will be established early next week on the ground already reconnoitered with such brilliancy by Col. Huntington's gallant force of marines. At this point some time will be spent establishing a reasonably impregnable position before the aggressive campaign against Santiago will be actively inaugurated, the deliberate delay being intended to accomplish the double purpose of enabling the men and horses to recuperate after their cramped confinement on the transports as well as to make sure that the selected position of the supply camp and its means of communication with the ships will not be open to effective assault by the Spaniards.

The return of Gen. Miles and his staff to Washington is expected to result in the immediate dispatch of an auxiliary fleet of transports after Gen. Shafter to reinforce his command up to the full number originally contemplated when the expedition was organized. Gen. Miles has already urged that the 4,000 men who were left behind at Tampa should be promptly sent forward and not held as reserves on American soil, his idea being that if Gen. Shafter needs reinforcements at all they had better be at Guantanamo, thirty miles away from Santiago, than at Chickamauga, or even Ferdinand.

The war department officials are convinced that at least 15,000 Spanish troops are stationed in Santiago province, and it is recognized that they have the tremendous advantage of occupying intrenchments of their own selection, with the knowledge that they may fall back on similar positions, and in this manner stubbornly resist the advance of the invading forces.

MANY MAY BE KILLED.

Stampede in Camp at Tampa—Soldiers Fire Their Guns in the Confusion.

Tampa, Fla., June 17.—A terrible stampede occurred here last night among the horses and unbroken mules belonging to the army, and kept in a corral near the camp of the Second District of Columbia volunteers. It has not yet been ascertained how many of the soldiers are killed or wounded, but it is believed that the list of casualties will be a long one.

The stampede began about 10 o'clock, and more than 3,000 mules and horses made a wild dash, breaking the fences of the corral and charging through the camp. Many of the men were in bed, and before they could receive the slightest warning many were under the feet of the animals. The soldiers attempted to break the stampede by firing a volley of shots, but it only made matters worse. The camps of the several regiments were destroyed.
